Flight Control Law Design and Application:

TermProject

Deliverables of Part I:

Note that each group must only provide **one solution**.

Create **one** folder named 'Group_x_Deliverables_Part_I', where x is your group number. Copy the following files into that folder:

- AircraftParameters_LonMot.m
- AircraftModel_LonMot.slx
- Aerodyn.slx   (from the \1_Model_LongitudinalMotion\1_Checks folder)
- BusObjects_LonMot.mat
- Equations_of_Motion.slx   (from the \1_Model_LongitudinalMotion\1_Checks folder)
- FCDA_TermProject_Part_I_2.mlx
- MyTrimReports.mat
- TrimState_1_LinearLonModel.mat
- TrimState_1_LinearLonModel_Phasor.mat
- TrimState_1_SPModel.mat

Upload that folder into the 'Uploads' folder provided within your group folder in StudIP (hint: create a zip-file and extract it in StudIP)
